For families with children up to 5 years

Music Together classes are based on the recognition that all children are musical. All children can learn to sing in tune, keep a beat, and participate with confidence in the music of our culture, provided that their early environment supports such learning. Central to the Music Together approach is the belief that young children learn best from the powerful role-modeling of their parents who are actively making music together with them.

- \$200* for the 10-week class series (includes CD and song book)
- One or both parents may attend with their child(ren)
- For families with a child(ren) up to 5 years of age

Heidi Swedberg, actor, musician and Music Together teacher, has fond memories of teaching herself ukulele and writing songs in Albuquerque NM, the place she thinks of as home. She picked up the instrument again in Hollywood, CA in 1992 while playing the role of a singer-songwriter for a network TV pilot. Life imitates art as she is now a full time musician.
