## Parent Empowerment Early Education Program (PEEEP) *Understanding your Toddler, Understanding Yourself*

Well Baby Center is pleased to announce the **Parent Empowerment Early Education Program (PEEEP)** - a Parent-Toddler (ages 18 to 24 months) group emphasizing education and observation.

### *A Parent-Toddler 12-week Group*

### **New PEEEP Groups forming May 2010**

Call for an initial consultation:  
Karen Savlov, PsyD, MFT at  
310-402-BABY (2229) Ext. 8  
karen@wellbabycenter.org  
www.WellBabyCenter.org

Well Baby Center is a 501(c)(3)  
non-profit organization

Through education and observation, parents are taught:

- standard child developmental milestones in cognition, motor, language, adaptation and social/emotional development
- to identify possible developmental challenges in their child
- to use specific interventions to help their child maneuver through developmental difficulties
- how to do child-centered play, narration exercises, reading and responding to their child's cues, conflict resolution, feeding strategies at-home with their children to address potential developmental challenges
- techniques for developing secure attachment relationships with their child and intervention techniques specific to their child's needs

Karen Savlov, PsyD, MFT, is the director of the PEEEP Program. She has many years of experience providing training and support groups for parents of children with special needs and/or autism. She specializes in childhood development and adult/child depression, stress, anxiety, and anger management. A child development specialist will co-facilitate the summer camp with Karen.

- For parents and their infants/toddlers 18 to 24 months
- Limited to 6 pairs of parent-infant/toddler (one or both parents may attend)
- Mondays, Wednesdays, and Fridays
